

# Mozilla Firefox Logo Differences

Current

Obsolete

## Logo Differences:

- Different color values throughout
- Land masses - different shapes
- Outer drop shadows - different values
- Fox right drop shadows - different values
- Different head shapes (new head shorter, flatter)
- Different ears

## Current (new) Logo:

- Added top gloss
- Added top dark blue stroke
- Added hair tufts to top of Fox's head
- Added more (and detailed) hair tufts to back of Fox's head
- Less detail to hair tufts/fur on Fox's body
- More emphasis and highlights on flames
- Deeper shadow to flames (left)
- Fox face - shorter, different shape, more details, longer snout, different nose
- Other differences?
